Everything You Want to Know about Pulmonary Medications

Ka Wan Chiang, PharmD & Jeffrey Robinson, MD
Oregon Health Science University Pulmonary Vascular Program

Thursday September 14, 2023
5-7pm PDT

This exciting event, featuring Ka Wan Chiang, PharmD, and Jeffrey Robinson, MD, will be a fantastic opportunity to learn more about pulmonary medications, especially for individuals dealing with Pulmonary Hypertension or anyone interested in pulmonary drugs. These skilled professionals bring a wealth of knowledge and experience to the table, with Dr. Chiang, being an expert in Pulmonary Pharmacy, and Dr. Robinson, an accomplished Pulmonary and Critical Care Physician who specializes in Pulmonary Hypertension and autoimmune-related lung disease.

Be sure to take advantage of this opportunity to ask questions, learn from these experts, and empower yourself with knowledge to make informed decisions about your health and medications. You can expect to gain practical information that will help you or your loved ones navigate the complexities of pulmonary medications more effectively.

See you in September!

Presentation is available online via Zoom or by phone
Please RSVP to get the links for the presentation.
